## PROJECTS

### Travel Management System

- **Technologies Used:** Java, MySQL, JDBC, Swing
- **Project Description:** Developed a desktop application for managing travel bookings, customer details, itineraries, and payments. The system enables travel agents and customers to book trips, manage user information, and view itineraries using a user-friendly GUI.
- Integrated MySQL database with Java using JDBC for storing and retrieving data.
- Developed a responsive and intuitive user interface using Swing components.
- Ensured secure handling of customer data and optimized query performance for real-time data processing.
- **Tools:** Java Swing (for GUI), MySQL (for database management), JDBC (for database connectivity).

### Technical Skills

HTML/CSS, C, JAVA , ,GIT & GITHUB, DSA, SQL, AWS

### Soft Skills

Time Management , Adaptability, Problem Solving

## INTERNSHIPS

Programming in java (IIT Hyderabad)	09/2022-10/2022
Summer Training on Data Structure using Java and Python	July-August 2024

### Certifications & Training

• Programming in Java(Yhills)	09/2022 10/2022
• Full Stack Web Development(Physics Wallah)	July- 2024
• Introduction to Devops(Great Learning)	July-2024

## EDUCATION

### B.Tech

R.R. Institute of Modern Technology (A.K.T.U.)	Sep 2021-Present
Computer Science and Design SGPA: 7.32	
<b>Intermediate</b>	2019
S.C.G Inter College (U.P. Board) 61.4%	
<b>High School</b>	2017
S.C.G Inter College (U.P. Board) 80%	

## TECHNICAL QUALIFICATIONS

• ITI	2019-2020
Computer Operator and Programming Assistant	
<b>Craft Instructor Training Scheme</b>	2020-2021
National Skill Training Institute, Dehradun	

### Languages

English | Hindi
